Kansas/Nebraska Spring Turkey

Gobble Gobble...The 2009 Spring Turkey season was as good as it gets. Our hunters went 100% and most of our hunters took two birds each!!! Thanks to all of you that joined us this spring and we look forward to seeing you again next spring...

If you can't wait for Spring 2010 for another turkey fix, no worries, we have fall turkey hunts available before and after each of the Kansas & Nebraska 2009 Deer season. You'll literally see flocks of 50 to 200 birds in the fall season...call or email for additional info.

John with Kansas Gobbler #1 Spring 09

Bill, Tom & Doug with a pair of Second Morning Gobblers

Brett with his first archery Gobbler

Kansas/Nebraska Deer 2009

For those of you that missed the boat on your **2009 Non-Resident Kansas Deer Application**, **you have one more shot!!!** For the first time there are left over tags for the area we hunt in Northwest Kansas. Give me a call or send an email for more info and I'll help you get dialed on one of the few remaining spots available this season for a Trophy, Kansas archery or rifle deer hunt with Beamer's Guide Service...

I still have two Nebraska rifle deer hunts available for this fall. I only take four rifle hunters in Nebraska so the opportunities will be outstanding. Also, keep in mind you can harvest either a Whitetail or Mule Deer with your Nebraska Deer Tag...

Be safe and good huntin
